Green Line
we take responsibility

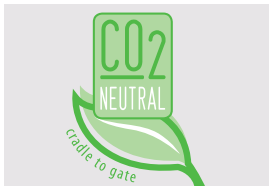

The Spirit of Innovation

COLOP® -

we take responsibility.

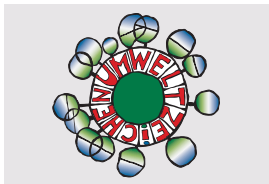

COLOP Green Line - the range of CO₂ neutral self-inking stamps - from text to date stamps. The already significantly reduced but unavoidable CO₂ emissions are compensated by means of investment into climate protection projects (GOLD STANDARD Projects), based on the system boundary "cradle to gate".

Evaluated according to ISO 14044, verified by Denkstatt an independent institute and based on the system boundary "cradle to gate"

The Green Line range was audited during the ISO 14001 accreditation process

The Austrian Eco-Label is awarded by the Republic of Austria as represented by the Federal Ministry of Environment

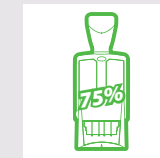

The Classic Green Line handles are FSC® certified (Forest Stewardship Council®)

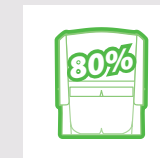

Recycling

COLOP Green Line - The self-inking stamp range predominantly made from sustainable and recycled material. A minimum of between 75 % and 80 % recycled plastic is used.

Classic Green Line models: minimum 75 % recycled plastic used

Printer Green Line models: minimum 80 % recycled plastic used

Printer S200 Green Line models: minimum 80 % recycled plastic used

The packaging materials are made from recycled cardboard
